
Title: Records, Vol. I

Author: Malthrax

Ikthak Krule
(Servant) - has
brought in over 200
hides and many logs
as well as wool.

I have created many
potions for our
legions and brought
many reagents in.

Ikthak has been doing
most impressive work.
He is one of the few
orcish kin I have
seen worth keeping
alive.

My Lord Anthrax
has not been seen for
many days. I fear for
his safety and life. It
is a lonely place here
without his guiding
hand and wisdom.
We pray for his
return so that we
may wreak havoc on
our foes once more.
I have returned from
my business venture,
Malthrax. All is
well. We shall once
more issue a reign of
terror and death.
